Criticism

One of the most prestigious and selective Romanian publishing house Eminescu in the Library of Philosophy published in autumn 2009 its entire sapiantial works including all volumes of aphorisms published before and other volumes that have not seen the light to that date, in Romanian language. Romanian academician Gheorghe Vladutescu, University Professor, D. Phil., philosopher, one of the biggest romanian celebrity in the philosophy of culture and humanism believes about sapiential works of Sorin Cerin in Wisdom Collection:" Sapiential literature has a history perhaps as old writing itself. Not only in the Middle Ancient, but in ancient Greece "wise men" were chosen as apoftegmatic (sententiar) constitute, easily memorable, to do, which is traditionally called the ancient Greeks, Paideia, education of the soul for one's training. And in Romanian culture is rich tradition. Mr. Sorin Cerin is part of it doing a remarkable work of all. Quotes focuses his reflections of life and cultural experience and its overflow the shares of others. All those who will open this book of teaching, like any good book, it will reward

them by participation in wisdom, good thought of reading them."This consideration about cerinian sapiential works appeared in: Literary Destiny from Canada pages 26 si 27, nr.8, December 2009,Oglinda literară (Literary Mirror) nr.97. January 2010. 5296 page interzisa(Forbidden Zone)" Publications Nordlitera and Zona interzisa (The Forbidden Zone) recorded first in developing this collection of wisdom:" The Bucharest prestigious publishing house recently released book entitled: Collection of Wisdom by Sorin Cerin. Appear for the first time works of aphorisms: Wisdom, Passion, Illusion and reality and revised editions: Revelations December 21, 2012, Immortality and Learn to die." Reviews and events in the press, Romanian Chronicle:-More than a "Wisdom collection" Altermedia Romania -Wisdom collection by Sorin Cerin.

One of the most reprezentative romanian literary critic, <u>Ion</u> <u>Dodu Balan</u>, University Professor, D.Lit. considered that Sorin Cerin "Modern poet and prosiest, essays and philosophic study's author on daring and ambitious themes like immortality, ephemerid and eternity, on death, naught, life, faith, spleen. Sorin Cerin has lately approached similar fundamental themes, in the genre of aphorisms, in the volumes: Revelations December 21, 2012, and Immortality. Creations that, through the language of literary theory, are part of the sapient creation, containing aphorisms, proverbs, maxims etc. which "sont les echos de l'experience", that makes you wonder how such a young author can have such a vast and varied life experience, transfigured with talent in hundreds of copies on genre of wisdom. As to fairly appreciate the sapient literature in this two volumes of

Sorin Cerin, I find it necessary to specify, at pedantically and tutoring, that the sapient creation aphorism is related if not perfectly synonymous, in certain cases to the proverb, maxim, thinking, words with hidden meaning, as they are ... in the Romanian Language and Literature. Standing in front of such a creation, we owe it to establish some hues, to give the genre her place in history. The socalled sapient genre knows a long tradition in the universal literature, since Homer up to Marc Aurelius, Rochefoucauld, Baltasar Gracian, Schopenhauer and many others, while in Romanian literature since the chroniclers of the XVII and XVIII century, to Anton Pann, C. Negruzzi, Eminescu, Iorga, Ibrăileanu, L.Blaga, and G.Călinescu up to C.V. Tudor in the present times. The great critic and literary historical, Eugen Lovinescu, once expressed his opinion and underlined "the sapient aphoristic character", as one of the characteristics that creates the originality of Romanian literature, finding its explanation in the nature of the Romanian people, as lovers of peerless proverbs. Even if he has lived a time abroad, Sorin Cerin has carried, as he tells us through his aphorisms, his home country in his heart, as the illustrious poet Octavian Goga said, " wherever we go we are home because in the end all roads meet inside us". In Sorin Cerin's aphorisms, we discover his own experience of a fragile soul and a lucid mind, but also the Weltanschauung of his people, expressed through a and dense form.Philosophical, concentrated psychological and moral observations. Sorin Cerin is a "moralist" with a contemporary thinking and sensibility. Some of his aphorisms, which are concentrated just like energy in an atom, are real poems in one single verse. Many of his gnomic formulations are the expression of an ever-searching mind, of a penetrating, equilibrated way of thinking, based on the pertinent observation of the human

being and of life, but also of rich bookish information. Hus, he dears to define immortality as "moment's eternity" and admits to "destiny's freedom to admit his own death facing eternity", "God's moment of eternity which mirrors for eternity in Knowledge, thus becoming transient, thus Destiny which is the mirror imagine of immortality"."Immortality is desolated only for those who do not love", "immortality is the being's play of light with Destiny, so both of them understand the importance of love". Nevertheless. the gnomic, sapient literature difficult to achieve, but Sorin Cerin has the resources to accomplish for the highest exigency. He has proved it in his ability to correlate The Absolute with Truth, Hope, Faith, Sin, Falsehood, Illusion, Vanity, Destiny, The Absurd, Happiness, etc. A good example of logic correlation of such notions and attributes of The Being and Existence, is offered by the Spleen aphorisms from the Revelations December 21, 2012 volume. Rich and varied in expression and content, the definitions, valued judgments on one of the most characteristics state of the Romanian soul. The Spleen, a notion hard to translate, as it is different from the Portuguese "saudode", the Spanish "soledad", the German "zeenzug", the French "melancolie" and even the English "spleen". Naturally, there is room for improving regarding this aspect, but what has been achieved until now is very good. Here are some examples which can be presumed to be "pars pro toto" for both of his books: "Through spleen we will always be slapped by the waves of Destiny which desire to separate immortality from the eternity of our tear", "The spleen, is the one that throws aside an entire eternity for your eyes to be borne one day", "The spleen is love's freedom", "The spleen is the fire that burns life as to prepare it for death".(Fragments of the review published in the Literary Mirror (Oglinda Literara) no. 88, Napoca News

March 26, 2009, Romanian North Star (Luceafarul Romanaesc), April 2009, and Literary Destinies (Destine Literare), Canada, April 2009))Adrian Dinu Rachieru, University Professor, D.Lit. states:"...we may, of course, mention worth quoting, even memorable wordings. For example, Life is the "epos of the soal", future is defined as " the father of death". Finally, after leaving "the world of dust", we are entering the virtual space, into the "eternity of the moment" (which was given to us) (Fragments of the review published in the Literary Mirror (Oglinda Literara) Romanian no.89 and the North Star (Luceafarul Romanesc), May 2009...Ion Pachia Tatomirescu, University Professor, D.Lit states: "a volume of aphorisms, Revelations - December 21, 2012, mainly paradoxes, saving themselves through a "rainbow" of thirty six "theme colors" - his own rainbow – as a flag dangling in the sky, in the sight of the Being (taking into account Platon's acceptation on the collocation, from Phaedrus, 248-b), or from Her glimpsing edge, for the author, at the same time poet, novelist and sophist, "the father of coaxialism", lirosoph, as Vl. Streinu would have named him (during the period of researching Lucian Blaga's works), knows how to exercise thereupon catharsis on the horizon arch of the metaphorical knowledge from the complementarily of the old, eternal Field of Truth " or of the sixth cover of the Revelation... volume, written by Sorin Cerin, we take notice of fundamental presentation signed by the poet and literary critic Al. Florin Tene: «Sorin Cerin's reflection are thinkings, aphorisms or apothegms, ordered by theme and alphabetically, having philosophical essence, on which the writer leans on like on a balcony placed above the world to see the immediate, through the field glass turned to himself, and with the help of wisdom to discover the vocation of distance. This book's author's meditation embraces

reflections that open the way towards the philosophy's deeps, expressed through a précis and beautiful style, which is unseparated from perfection and the power of interpreting the thought that he expresses. As a wise man once said, Philosophy exists where an object is neither a thing, nor an event, but an idea. ». The paradox condensing of Sorin Cerin's aphorisms in a "rainbow" of thirty six "theme colors" – as I said above – tried to give the "sacred date" of 21 December 2012: the absolute («Human's absolute is only his God»), the absurd («The absurd of the Creation is the World borne to die »), the truth («The Truth is the melted snow of Knowledge, from which the illusion of light will rise»), the recollection («The recollection is the tear of Destiny »), knowledge («Knowledge is limited to not have limits »), the word («The word is the fundament of the pace made by God with Himself, realizing it is the lack of nought: the spleen of nought»), destiny («Destiny is the trace left by God's thought in our soul's world »), vanity («Vanity revives only at the maternity of the dream of life »), Spleen («Within the spleen sits the entire essence of the world»), Supreme Divinity / God («God cannot be missing from the soul of the one who loves, as Love is God Itself »), existence («Existence feeds on death to give birth to life »), happiness («Happiness is the Fata Morgana of this world »), the being («The being and the non-being are the two ways known of God, from an infinite number of ways »), philosophy («Philosophy is the perfection of the beauty of the human spirit towards existence»), beauty («Beauty is the open gate towards the heaven's graces»), thought («The thought has given birth to the world »), giftedness («Giftedness is the flower which grows only when sprinkled with the water of perfection») / genius («The genius understands that the world's only beauty is love»), mistake («The mistake can never make a mistake»),

chaos («Chaos is the meaning of the being towards the perfection of non-being»), illusion («The illusion is the essence of being oneself again in the nought»), infinity («Infinity is the guard of the entire existence»), instinct («The instinct is when the non-being senses the being »), love («Love is the only overture of fulfilling from the symphony of absurd»), light («Light is the great revelation of God towards Himself»), death («Death cannot die»), the eye / eyes («Behind the eyes the soul lie »), politics («The trash of humanity, finds his own place: they are rich!»), evilness («Evilness is the basis size of the humanity, in the name of good or love»), religion («Religion is indoctrinated hope»), Satan («Satan is the greatest way leader for mankind»), suicide («Society is the structure of collective suicide most often unconsciously or rarely consciously»), hope («Hope is the closest partner»), time (« Time receives death, making Destiny a recollection»), life («Life is the shipwreck of time on the land of death»), future of mankind and 21 December 2012 («Future is God's agreement with life» / «Starting with 12 December 2012 you will realize that death is eternal life cleaned of the dirt of this world»), and the dream («he dream is the fulfilling of the nonsense »).(Fragments from the review published in The Forbidden Zone (Zona Interzisa) from August 30, 2009 and Nordlitera September 2009)

I. WICKEDNESS

- 1) There is no Truth without God and Death.
- 2) We are a tear of truth on the face of Hope troubled by the pain of Death.
- 3) Why do we have a God lost among His Original Sins?
- 4) What can be more above God with His sins and His laws than Human Wickedness?
- 5) How many sighs have flowed on the waters of the vain hopes of this World, that they have come to flood our Existence, whose Absurd drowns us daily the breathings of the Dreams?
- 6) Why were we created with such carelessness to be weak in the face of the Sins?
- 7) Has he not sinned more than all of us, the one who created Sins on this World?

- 8) If he hadn't let the Mistake to exist in this World, God did no longer have to create the Sins?
- 9) Why was it necessary to exist the Sin?
- 10) Who feeds on our Sins, that he has forced us to grow them?
- 11) Nothing can stop us to die from a certain age, than to live.
- 12) The World is a great simulation of the Absurd and the Vanity.
- 13) Madness is a form of normality of Reality.
- 14) We live in a simulation of some universal laws designed by a higher intelligence.
- 15) Free Will is one of the basic Illusions of this World.
- 16) Nothing is real, everything is a dream of a higher intelligence, orchestrated specifically for us.
- 17) Good and Evil are two subjective landmarks, because no one has ever succeeded to think through someone else's brain to know what objectivity is.
- 18) Evil is as necessary as the Good in the process of knowledge. Therefore the Good is realized with the help of Evil and vice versa.

- 19) Many times through Evil we do more Good, than through Good.
- 20) Not the Good or Evil must, to frighten, but the path through which Wickedness uses Good or Evil to triumph.
- 21) The Devil is necessary to God, in order to prove through this one the existence of another face of Knowledge.
- 22) Not the Devil is the evil one, but the wickedness which the Devil or God can do, is truly the evil one, if it is made by them.
- Wickedness and who exactly does it and with what Purpose, in our process of Consciousness and the Good and Evil that led to its existence.
- 24) The wickedness is the balance that shows us who is really Evil, the Devil or the God who knowingly created the Devil for us.

Why do I say this?

Because God knew from before to be this World with all its goods and evils, how the World will look like.

If God apologizes and he lies that he did not know, then it is no longer God, but a simple higher intelligence that simulates us the World in which we live,

and its further developments, sometimes come out of his calculation.

- 25) You don't have to be afraid of God or the Devil, of Good or Evil, but of the Wickedness that they can sometimes develop, Wickedness which is the true Evil of the Evil or the true Devil of the Devil.
- 26) Evil is necessary, but Evil of the Evil, not always, even if by denial of denial it can be a Good, which can do Evil in its turn.
- 27) Just as the Good can possess an Evil of his own, so, the Evil can possess a Good of his own.
- 28) The Good of the Good can often be an Evil, so a wickedness, Examples in history are enough.
- 29) The most perfect wickedness you will not find in Evil, but in the Good that produces the Evil.
- 30) Not the Evil or Good, are devilish, but the wickednesses which they can do.
- 31) God can be just as wicked as the Devil through the art that led creation to Absurd and Vanity, Pain or Sigh.
- 32) We must observe the Good from the Evil, to create a meaning from the Illusions of Life and Death that we live.

- 33) The illusion of Objectivity, is the substrate on which leans the relative Truth of the Lie.
- 34) Often, Evil is an oasis of tranquility in the wickedness of the Good.
- Why shouldn't we be aware of the Evil that God can do through the Devil which He created to us?
- 36) We are with God in opportunism, knowing that He is the creator of Good and Evil, both of Good and Evil.
- 37) Not the Evil that is so necessary to the Good must to be fought, but the Wickedness which both the Good and the Evil can do to both the Good and our Evil, which we need so much in the process of Knowledge.
- 38) The World of Good and Evil is not around us, but only within us.
- 39) The reality is the villainy of Good and Evil, raised to the rank of Absurd and Vanity.
- 40) No matter how much we have run away from Wickedness, if we want to be Happy, we must necessarily wash in the waters of Wickedness.
- 41) Happiness is related in a direct line with Wickedness, because you cannot truly be happy in a World of the

Wickedness of Illusions of Life and Death than if you contribute at the assets of Good and Evil you desire, thus increasing the value of the Hierarchy of the Absurd and Vanity.

- 42) If there were truly the Free Will, Happiness would no longer walk clothed in the garments given by the Wickedness.
- 43) Each of our gestures, however sublime, is compulsorily taxed to us by Wickedness.
- 44) A World where the balance of Original Sins is made up of the substance of Wickedness, is not a World corrupted by the very God who created it?
- 45) The most corrupt in this World is the God of Man, because Man is corrupt, and God has made Man, in His image and likeness.
- 46) There is a great difference between the God of Man and the God of the laws of this Universe, because the first will be similar to Man and the second will not have, nothing, to do with what we call to be God.
- 47) Justice and Freedom are two norms of the common sense of the Wickedness of this Creation of the Absurd and the Vanity.

- 48) Justice is divided only by the Wickedness of the Good in this World of Evil.
- 49) In order to find out, on what namely is based the Moral of the historical moment you are living, you will have to consult the barometer of Wickedness.
- 50) The World is a great Hierarchy of the Wickedness.
- 51) The Freedom of Wickedness will always be greater than that of Justice in this World.
- 52) Only under the sky of Wickedness will you succeed in life.
- 53) When Happiness refuses to go holding by hands with Wickedness it will be abandoned in Forgetfulness.
- 54) Nothing, can not be more profound in this World than Wickedness.
- 55) Only through Wickedness, Man became master on himself.
- 56) Society is the measure of Wickedness.
- 57) Wickedness is the heavenly manna that has transformed the Man from the defeated into the winner of the other mammals.

- 58) I wonder if God has measured the wickedness of Man, that He decided to offer to this one as a reward the Original Sin?

- 170) Who namely predestined us the Wickedness in this World of Suffering? Are we the result of a paltry simulation?
- 171) The only way to remove the Wickedness from the life of Man is for him to become friends with his own Self, on which to discover it, so that he will no longer be a stranger to he himself.
- 172) The alienation of Man by his own Self led to Vanity, and once with it and the gates of human Wickedness were opened wide, which has reached on new peaks of civilization and progress of the Wickednesses.
- 173) On the realm of Love, the Wickedness of Man has distributed its most impressive forces, to create paltry diversions.
- 174) The Illusion of Death is the supreme standard up to which the Wickedness of Man can reach.
- 175) Without the help of the Illusion of Death, human Wickedness would reach in

Immortality, which is why God has honestly given us Death and Original Sin.

- 176) When Wickedness becomes law, Purity is regarded as Wickedness.
- 177) The Illusions of Life and Death are the supreme law of Wickedness.
- 178) Without the Illusions of Life and Death, Wickedness would not know which way to go.
- 179) Only through Wickedness, the Illusions of Life and Death can build us the roof of Suffering on this World.
- 180) God, I wonder how much Wickedness we still need, until when you will let us to build us the real Paradise on this World of Nobody?
- 181) Whenever Man tries to reform its Wickedness, all so many times the Free Will intervenes with his false idea of Freedom that impedes him to continue further.
- 182) The Free Will is the lock through which the Illusions of Life and Death keep Wickedness linked to the neck of Man.
- 183) Without his Wickedness, the Man would lose the idea of Freedom and once with it that of Free Will.

- 184) The desire for Freedom gave birth to the most of the Wickednesses in this World.
- 185) Regardless of what kind of Freedom, whether it is called financial, regarding certain assets or that it is a completely different form of Freedom, Man's desire to be free in his enterprises has led to the consolidation of human Wickedness and implicitly once with this to the accentuation of Suffering.
- 186) Only a Man who is not free, can be a Man who is not and villain.
- 187) It is true that the restriction of human freedom also leads to the reduction of the Wickedness of Man.
- 188) The suffering brought by too much Freedom and implicitly once with it by Wickedness is taken over by the Suffering brought by the dictatorship and implicitly once with it by the lack of Freedom. That is why Freedom must be offered to Man with measure.
- 189) A deeply villain man is a Man who does not know the measure of his own Freedom.
- 190) Man's wickedness is the barometer of his own Freedom.

- 191) Man's wickedness always builds so many churches precisely because Man also needs the spiritual Freedom of Forgiveness, not just the patrimonial freedom of wealth.
- 192) By forgiveness Man thinks he can pass his Sins into the opponents' yard in the Faith.
- 193) There is no Man more villainous than the one who brings offerings to a God of Love, while for him Love has absolutely no value at the stock exchange of wealth.
- 194) Through his Wickedness, Man defines himself, and by this he stands on the social ladder of the Human Condition.
- 195) The Human Condition is the measure that shows us the degree, to which the Wickedness of Man can reach from a social point of view.
- 196) Never, the God of Man will not show to him how Wicked he is, but only how he can relate to the Wickedness of his Human Condition as a result of an Original Sin on which his ancestors have created it entirely accidentally.
- 197) For Man, his Wickedness must be an accident of Destiny in order to be able to sleep peacefully, but especially to be

able to consider himself free in perpetuating his own Wickednesses further.

- 198) What would the God of Man do without the Free Will, what he offers to Man, enough of much Wickedness that this one to be satisfied with his own divinity?
- 199) The Human Condition is the cradle of Man's Wickedness.
- 200) For a Man to overcome his own Human Condition, he will first and foremost have to create for him another God.
- 201) No matter how much Man would like, to create for him, a perfect God, he will never succeed, because Man himself is imperfect, and God, wanting or not, is the mirror of Man.
- 202) A wicked Man will have a God at least as wicked if not much more wicked than him.
- 203) In the Good you will find as much more Wickedness as in the Evil, only that the Wickedness of the Good has another appearance compared to that of the Evil.
- 204) I am aware of the absolute necessity of Evil in the act of Knowledge but I

cannot accept the Wickedness, no matter that it comes from the Good or the Evil.

- 205) The true Evil of Good is Wickedness, which is also an Evil of Evil.
- 206) Although, the Wickedness is an Evil of Evil, this one is not subject to the denial of negation, when it comes to Man, by the phrase, that the Evil of Evil would be a Good, because the Good of Evil is also Evil for Man.
- 207) The Wickedness is the perfection of Evil, that can never be subject to the denial of negation, when is reported at Man, because an Evil of Evil even if it is Good for Evil, this Good of Evil remains all Evil for Man.
- 208) Through Wickedness, no matter how much, the God of Man would hide, this one is disclosed as being created by Man.
- 209) The God of Man is created only in the interest and benefit of Man.
- 210) Each Wickedness must be compared to the one who created it, to find, its degree and characteristics.
- 211) A Wickedness of Evil will be a Good of this Evil, which in his essence will be, also, an Evil for Man.

- 212) As much as I would accept Evil or Good, when we speak of the Wickednesses that they can commit, I prefer to detest them.
- 213) Not the Devil, as an opposite of God, is antipathetic to me, but the Devil who commits acts worthy of Wickedness.
- 214) The Wickedness committed by the Devil can be with nothing more inferior compared to the Wickedness committed by God, when they both commit the Wickednesses.
- 215) In every God there is a Devil as in every Devil there is a God.
- 216) I cannot be lenient with the Wickedness, even if it comes from God sometimes.
- 217) When I said that in every Devil there is a God and in every God there can be a Devil, I also did it to highlight the duplications nature of Man, because the God and the Devil of which I mention, belong to Man, being his creation.
- 218) How would a God look like, who would not know and would not frequent the Wickedness and the Revenge that comes from this, could it longer to belong to Man, would still succeed to build churches with the hands of Man? I doubt.

- 219) A God good for Man is a wicked and vengeful God who can intervene against his enemies, destroying them.
- 220) If it had not existed a God, this one would have become created immediately by Man, because without God, Man, he would feel too alone and forsaken in his Wickedness.
- 221) Reality is a mold of the Wickednesses committed by the Illusions of Life and Death.
- 222) Nothing is lost, but everything is transformed into Wickedness in the World of the Absurd in which we live.
- 223) The God of Man always promises Paradise if he is listened to, otherwise, he can kill, torment or destroy because he has the necessary strength to do so, which Man would have done if he had the power of God.
- 224) The wickedness of the World, seen by Man on the divine level is called Divine Justice by him.
- 225) The true God should not be able to beat, kill or leave in sufferings, on those who do not fulfill His norms, but should first of all help them to fulfill them.
- Not once did I say that if God had not let the Mistakes or Original Sins, we

would have lived in a World where Happiness was not obtained through anyone's vengeance.

227) No matter how necessary were to God, our Suffering, Original Sins, Revenges or other coercive measures, He should not have resorted to them, but to find a way through which to help build a terrestrial Paradise.

II. WHO ARE WE AND HOW WERE WE CREATED?

- 228) Surely, the true God of the Universe, that higher intelligence, is not interested in any of the coercive measures such as Revenge or Original Sins, but his Purpose is for the Universe of Knowledge to take new steps toward Spiritual Fulfillment.
- 229) The true God, who no longer belongs to Man, not being created by him, did not leave the Wickedness at the art rank of Suffering, but the Vanity of Man abused his so-called Free Will.
- 230) Why, did the True God allow it to be fulfilled, the Suffering crowned by Wickedness on this World?

Is it a diabolical simulation of an angel complexed of self from another level of Knowledge or from another more developed civilization who wants to make experiments, on our misfortunes?

- result **231**) If we are the of of from experiment some \mathbf{a} more developed civilization with the purpose of observing the evolution of a World framed between certain coordinates, then it means that and those who carry out this experiment have their own God, and that, the our Original Sins, are the Sins taken from them for the Wickedness of to make such an experiment of Evil, which gave birth to a World full of Sufferings and Wickednesses.
- 232) What it would look like, the God of those who have created the simulation of this World of Suffering crowned by Wickedness?

Would he be, a God as vindictive and cruel as ours, or more understanding and good?

Here are some pertinent questions in this case.

233) Perhaps we have a World of Suffering crowned by Wickedness, as we are let to live such a life here because we have done evil deeds in the world of those who created this World through a simple simulation on computer?

Maybe our life of here lasts only a few minutes in the World of there, where we are subjected to the simulation?

Perhaps that is precisely why we can not think objectively than subjectively, since no one has managed to perceive the World with the senses of someone else?

Perhaps, communicating with those around us, the Illusions of Life and Death, are part of this system, this computer program, this software, if you want, of simulating this World?

- 234) Can we be a computer experiment of some from another civilization that we are part of and who want to reveal to us what Inferno looks like for those who disregard the true values of Freedom and Free Will?
- of another World, based on a software that we consider Destiny, and after the so-called Death we will wake up to that World with the experiences lived here, ready to resume our life from there, where maybe only a few Moments passed, during which time we had the feeling in this World that we lived a life.

236) Why do I think we are a simulation of some from another World that is actually our true World?

Because if this World was not a simulation, there would be no Illusions of Life and Death accompanied by the whole range of Illusions that we are obliged to face.

- 237) If in the World in which we live now, we would not be the result of a simulation, of a software created specifically for us, which to reveal us the Illusion of this World, then God would certainly not remain hidden nor would not let to devour us, the Original Sins of some, whom we have never even known, together with the Illusions of a Life and a Death that leave us in Despair and Suffering.
- 238) What have we done wrong in the real world where we are subjected to the experiment of the simulation of this World of Nobody? Can be the life lived here a way of being we incarcerated there?
- 239) How can Life be in the real World where we are subjected to the experiment of this World, but Death?

Is there Death?

Perhaps it is precisely the fact that there is no Death we are subjected to this experiment of Death to show us that we are not allowed to get bored in the absence of Death?

240) Why don't I think there is Death in a civilization far enough advanced to be able to create a software of our World in which we can interact even in a dream state with each other?

Because in such an advanced civilization the human body can be replaced by other structures that are no longer about biology but technology, to such an extent, that practically, the soul can remain Immortal, only within that civilization.

And in order not to get bored, he chooses a getaway such as our World for example.

- 241) We are an experiment but can we find the software on which the Destiny of each of us is inscribed?
- Who wrote the software of Destiny of this World and for what Purpose?
- 243) If we are subjected to a voluntary experiment of simulation of this World, then why have we chosen such a

diabolical World, which is coordinated by the Illusions of Life and Death?

Just because we want to experience thrilling sensations or because we are so bored there in that World, that we are missing all these sensations of Pain, Absurdity and Sufferings?

244) However, during the evolution of this World of Illusions of Life and Death, there has been an accident of Knowledge, an accident where to Man was revealed a World of Death.

Could this accident be the moment when the software of simulation of this World was virused, giving rise to a further development, at which not even those of the civilization that made the software did not expect?

Development that ultimately led to the creation of a World truly independent of that World on which the simulation of the respective software foresaw it, and, those who created the software of the simulation of our World, becoming true creators, true Gods in their turn?

Is this the reason why Man created his own God?

And, the Wickedness of this God to belong to the unseen face of the computer

virus that has virused the software of the simulation of our World?

A computer virus that is actually the God we worship?

- 245) Could we conceive of a World without Sins, where God will give each of us a smile, even if we do not obey His Commandments?
- 246) Are we, a computer virus of the Wickedness, which has virused the software of the simulation of our World?
- 247) What does it look like, the God of those who created computer software of the simulation of our World? Is he as vindictive and violent as is our God?
- 248) The true salvation of Mankind is in Informatics.
- 249) One day Man will become sufficiently capable, that to can decipher the software virused with Sufferings, Sighs and Absurd of this World, which we call Destiny, and then, he will can intervene on it even from within our World through a new philosophy of life.
- 250) Why can't we make contacts with beings from other Worlds?

Is it not because the software through which our World is simulated does not allow us to do this, because our

World is an imaginary World, non-existent in reality?

- 251) If our World, it would not be a simulation of a software, surely that there would be no Illusions of Knowledge, but we would perceive objective Knowledge as a whole, we would perceive the Absolute Truth along with the relative Truths, as well as many other things, which would not give us only the Absurd and Vanity of a World of Nobody.
- 252) What is the Purpose for which was created the software with the simulation of the World in which we have the illusion that we live?
- 253) Who wrote the software with the planning of our World, at whose order?
- 254) The person who wrote the software of our World is her creator, the God true of hers.

It can be a simple employee of an informatics company or why not, a character who does everything out of passion.

255) Did a Virus accidentally intervene, which attacked the software of our World, thus allowing to we have access to Knowledge?

- 256) I wonder if the creator of the software of our World expected to we be able to accidentally have access to the Knowledge ever, when the software written by him was attacked by a computer virus?
- of our World, by the computer virus that accidentally facilitated our access to the Knowledge, we have become a kind of World that is somewhat independent from the point of view of the evolution of the Knowledge compared to the one who wrote the respective software?
- 258) If we are a World that has become partly independent of its original software then we are no longer a simple computer simulation but a standalone experiment?
- 259) Can the Illusions of Life and Death be the result of a computer virus which is in turn really due to the Destiny of the World in which the attacked software was written, which provided for the simulation of our World?
- 260) Can the processes of Knowledge be the results of some written softwares that simulates Worlds, and thus, a World that reaches to a certain degree of informatics

development can determine another in its turn?

261) If someone from a World can write softwares that simulates other Worlds, who namely, created the initial World?

Is not a God with a higher intelligence who is in turn the God of all Worlds, who have simulated each other through their inhabitants?

262) We live the Illusion and not the objective Reality that we cannot concretely deduce, because no one has ever thought with someone else's mind.

The Illusions of Life and Death do not allow us to perceive the World beyond certain wall, because there ล are which evidences endlessly are perpetuating, which clearly unequivocally show that we live the Illusion and not Reality.

All this justifies us to believe that our World is the result of a simulation whose software was initially written by someone who did not expect such a development throughout, because, the accident of the Knowledge as she is presented to us accompanied by the Original Sin, was the result of, a computer virus, perceived by us as being

Original Sin, coming from the World where the software was created with the simulation of our World.

- 263) The computer virus that acted on the software with the simulation of our World, is responsible for the Wickedness and all the other evils that followed the further development of our World being that Devil.
- 264) As, the existence of the Good provides for different levels of this one, so, and the existence of the Evil is located on several levels.

One is the Evil needed to do the Good and the other, the necessary one to do the Evil only.

- 265) The true malefic begins where Wickedness begins.
- 266) The devil can be just as beneficial in the act of Knowledge as God, even if it represents Evil, because Evil can often determine, the Good in turn.

What is really evil, at both the Devil and God, is when they show their malefic faces.

267) And God can be just as malefic as the Devil, it depends, from what angle, you look at.

- 268) God and the Devil are Good and Evil, of the process of Knowledge that can be both beneficial and malefic.
- 269) Without the process of Knowledge, there would be Nothing.

Paradoxically, if we are written simulation computer on a software, then we started to exist once we had access to Knowledge and we were aware of our own Existence, which is due, to the Devil, that is to say, the Virus that accidentally gave us the Knowledge, and by no means, to the God, the creator of the software with the simulation of our World.

- 270) Our World is an experiment escaped of under control by its creator.
- 271) What is the Future of this World, escaped of under control and held in slavery by the Illusions of the Present, but also of the ones of Life and Death?
- 272) Do the experiments accidentally attacked by computer viruses, which are represented to us by the Illusions of Life and our Death as being Devils, determine that the Worlds created by the respective softwares to tend to Paradises once with evolution, or to Infernos?

- 273) We live in the Future, because the Present exists only as an Illusion, and, that Future is in reality the computer software that appears to us in the form of Destiny, which simulates the World in which we live, which we must follow and, which, leaves us the Illusion of Freedom of Self, that actually, never existed.
- 274) If the software that simulates our World had not been attacked by the computer virus, neither the Knowledge nor the churches would have existed.
- 275) The computer virus that attacked the software of the simulation of our World has built more churches than all the other Illusions together, because if there had not been that Virus, perceived by us as being Devil, God would have had no reason to fight against any Devil.
- 276) We think based on the Contraries, because in the software that has simulated our World, the creator of this World used only these Contraries of the bivalent Logic which we know, such as Good and Evil, Beautiful and Ugly and others.
- 277) Even if we were not the result of such software that would simulate our World from the computer of a character from another World, but we would be the

result of a software written by certain laws of the Knowledge superior to us, the Destiny of this World, also, based on such software is written.

- of the simulation of a World, due to a software of someone.
- 279) Why are we not allowed access and to other spheres of the Knowledge?

Because the software of our World is not written in this way.

280) The fact that everything that happens in this World is due to a software that we perceive as being Destiny is as true as possible.

All we can't know is who exactly wrote this software, and for what Purpose.

281) The future of Mankind depends on the computer virus that attacked the software of the simulation of our World, and which accidentally gave us the Knowledge and once with this, the possibility of to awareness, this World.

If that computer Virus, which appears to us in the position of Devil, will be removed, then our Knowledge or will receive new valences by increasing the number of Contraries that they focus on,

how it would be like together with Good and Evil, others will appear, or it will disappear altogether.

- 282) Churches are a means by which Someone tries to remedy the Virus, which grind us ever since we began to Know.
- 283) Why churches do not agree with many of the scientific discoveries or the progress in science as a whole?

Because science keeps alive that Virus (Devil) who accidentally gave us the Knowledge and which was not foreseen in the initial simulation of the software of our World.

- 284) Can the Virus of Knowledge be influenced in such a way, that at a certain point in our further development as World, we can have access and to other forms of the Knowledge increasingly elevated, which would help us to evolve spiritually?
- 285) All that pertains to Knowledge is ultimately malefic? I do not believe, because otherwise there would be no spiritual evolution.
- 286) Someone did not want others to accidentally reach to Knowledge, and that one was the creator of the software that simulates our World.

- 287) The Knowledge, in its evolution, tends towards independence even if it is based on the Illusions of Life and Death, as is the Knowledge existing in our World.
- Once Knowledge is an accident due 288) to the Virus or Devil who attacked the simulation software of our escaped thus, of under control precisely through Knowledge, it means that our spiritual ascension that is done through Knowledge, is due to someone other, than, to the creator who wrote the software through which has been tried to simulate this World, namely through the one who accidentally facilitated the existence of Knowledge, namely of the Virus or Devil?
- 289) I agree that, once the process of awareness of this World by the human being has begun, it has brought whole rivers of sufferings to this being, but it is also true that this process includes within it and spiritual exaltation, which ultimately proves that in the process of spiritual ascension we need Knowledge, so both of Good and Evil, both of God and Devil.
- 290) Without the Devil, God would not have had no sense in this World.

- 291) If there was no Devil, God would have had to create him immediately, if he longer wants to can be God for the Human Being.
- 292) What is the future and true past of Mankind?

Look at the development of computer science.

Here is the answer.

In the future, new developments in computer science will emerge that will lead to the discovery of the laws which govern the computer systems.

These laws are the ones that can prove what namely leads to life-giving of some simulations, how is and our World, even if it is created on the basis of a software, written by someone from another civilization or by, an intelligence superior to us, which we call it in our acceptation as being God.

- 293) In the future of Mankind, absolutely anything is possible.
- 294) How far it can reach, a World that became independent, through a simulation escaped of under control, after attacking of this simulation by a Virus?

Can such a World be a major danger, which is why we are isolated so

that we cannot connect with the other Worlds in the Universe?

Are we a kind of Black Hole, for all the other Worlds of the Universe that we perceive in our turn as being Black Holes?

- World that got out of control due to the Virus that facilitated Knowledge?
- 296) Where is heading the World, once the Virus of Knowledge has brought it some independence from its creator? Really, towards other spheres of Knowledge and spiritual ascension?
- 297) The Devil is the other face of God.
- 298) Without the Devil we would never have tended toward spiritual ascension.
- 299) If the Knowledge Virus had not intervened in the simulation software of our World, then we would not have had any of us the ability to know and to be aware, so we would not have known we would have ever lived in this World.

Then the Purpose for which the World was created is not that of its spiritual ascension, but quite another, Purpose, which was suppressed by the Virus of Knowledge.

- 300) So much did the Virus of Knowledge frighten those who created the simulation of this World, that they decided to completely isolate us in this Universe?
- 301) Maybe we were created specifically to be vaccinated with the Virus of this Knowledge, in a particular experiment?
- 302) No one can know exactly what namely was pursued with the creation of the software that simulates the existence of this World of ours, and who namely created him, in the sense that at his origin would have been a Superior Knowledge or a person from a certain civilization.

It is true that all the signs regarding this World in which we live, they make us think of such a simulation based on a certain software that we perceive as being Destiny, designed specifically to show this World.

- 303) All the notions we have are due to the Knowledge what has come to develop accidentally in our World due to the Virus that attacked the software of this World.
- 304) Surely we would have had another kind of Knowledge if there had been another kind of computer virus.

305) Probably the Virus that hit the software or the Destiny of this World, was extremely malefic for us because through Knowledge we have had throughout our own history of humanity so many wrongdoings that they can no longer even be enumerated.

III.THE FUTURE OF RELIGION

- 306) Wickedness is malefic no matter what camp it is in, either in the camp of Good or Evil.
- 307) The true Evil is not the one that determines the Good in the process of Knowledge, but the malefic one.
- 308) The true Evil or malefic Good, is found in both Good and Evil, both in what we call to be God and in what we understand to be Devil.
- 309) The greatest Good that the Devil can do to this World, is that through His existence, that is, of the Devil, to determine God to relate to Him, thus existing a point of comparison between the Devil and God.
- 310) The mistakes of God, the Devil count them, and those of the Devil, God.
- 311) Through the Devil, God becomes much brighter.

- 312) If there was no Devil, God would immediately become himself, Devil.
- 313) And the Devil, has His Devil, as well as the God his God, because and the Evil also has its Evil, as well as the Good has its Good.
- 314) The true Devil is that malefic Evil that is found both in what we call Devil or Evil and in what we call Good or God.
- 315) The same happens and with, the beneficial Good. The true beneficial Good is found both in the Evil we call the Devil and in the Good we call God.
- 316) The beneficial Good is the essence of God, so the true God to whom we never refer, but we perceive God as being the Good in general.
- 317) The malefic Evil is in turn the essence of the Devil, that is, Satan, who is in both God and the Devil. When we refer to the Devil, we do this by thinking of Evil as a whole, but without making the difference between Evil as such taken in its entirety and malefic Evil, which begins once with Wickedness. That is why the Devil as a whole is different from the malefic Evil that is Satan.
- 318) Man must guard against the malefic Evil.

- 319) The malefic Evil is the most destructive result of the intervention of the Knowledge Virus on the software or Destiny that simulates this World.
- 320) If Religions were to fight against the malefic Evil would be a very good thing, the Great misfortune is that they are fighting against everything they consider to be Evil in general, even against those who are right, but with the difference that their justice does not help the spirit of caste of the respective Religions.

This causes Religions to glorify, sometimes, both the malefic Evil found in Good and in Evil, removing precisely the beneficial Good, which is in both Evil and especially in Good.

- 321) Since Religions not only fight against the malefic Evil but also against the beneficial Good, which can also be found in the Devil, many such religions depart from the true God, since he has included in his Self, alongside Good and the Evil, that is, the Devil.
- 322) Religions are largely responsible for the alienation of Man, because by the struggle they carry against the so-called Devil, they fight against the beneficial

Good, revealing the malefic Evil from the Good.

- 323) The future of Religions is Philosophy, which to show to the human being the necessity of recognizing the beneficial Good both in the Self of what Man calls to be his God and in the Self of what Man calls to be the Devil or the so-called Evil in his whole, which contains and Good.
- 324) In the future, the Religions will no longer focus on the ancient Bibles that will describe the crimes committed for the glory of the respective religion, but will extract, from those Bibles, only the facts that can enrich the fund of the beneficial Good.
- 325) In the Religions of the future, God will no longer beat those who do not agree with His Religion, because God cannot beat, but is that beneficial Good that helps the human being to climb the steps of spiritual perfection that move her away from Wickedness.
- 326) Happiness lies both in the territory of Good and Evil. Man will have to use that part of Happiness that is in the territory of the beneficial Good from both

Evil and Good, otherwise he will never enjoy of it.

- 327) In the future, Religions will unite, reaching a single World Religion that will bring Peace and Prosperity to Earth.
- 328) The religion of the Future will know how to extract both from the Good and the Bad, the true beneficial Good.
- 329) Man will become a being of the beneficial Good, which will remove from his existence all that has meant somewhere -sometime, to be Wickedness, changing from the basics the diseased social structures through the religious changes that will take place.
- 330) Only through the Religion of the beneficial Good, Man will succeed to build the edifice of his true Happiness.
- 331) A Man without Religion is a lost Man.
- 332) Religion is part of the human essence.
- 333) No matter how much the Man would run away from Religion, she is deeply embedded in the essence of the human being.

Even the most atheistic Man in the World is a deeply religious being, because

Religion is the most superior form of the Creed.

When you believe in something, in an idea, a flower, a friendship, in something beautiful or ugly, in something that represents you or becomes repulsive to you, then you commit a religious act by itself.

- 334) A Man without Religion is a Man without Creed, is a being of the Nobody.
- 335) Suffering is the flame that most often illuminates the Horizons of Faith.
- 336) The history of Mankind is so clean in appearance, because it was bathed in so many waves of blood, that it never had Time to place the filth of human Wickedness, on her soles.
- 337) Don't forget that when you believe in absolutely everything in this World, you commit a religious act.
- 338) Man is a Religion of Suffering that must be changed into a Religion of Happiness.
- 339) Through Man, Suffering calls for its rights.
- 340) The suffering forsaken by Man, it will turn into Happiness.

- 341) Suffering is the Freedom of to express itself, of the virused Word of the Making of this World.
- 342) The language of this World is above all a language of Suffering.
- 343) The suffering has ennobled the Man with the Consumer Society, through which the vain Hopes of his shattered Dreams move.
- 344) The virus that attacked the software of the simulation of this World is a Virus of Suffering, which implemented the Knowledge and once with it the Illusions of its Life and Death.
- 345) The Truth that can be perceived by Man on this World is a relative one, because the whole World is an Illusion totally lacking in objectivity.
- 346) When Man will succeed to observe, even from a distance the Absolute Truth, he will know that he lives in a real World and not an imaginary World.
- 347) As nothing can be more real on this World than Illusion, the same, nothing can be more true than the beneficial Good and the malefic Evil.
- 348) Only when the Religion of Man will focus on the beneficial Good and on the malefic Evil will succeed in determining

the Man to ascend the first steps to the Absolute Truth.

- 349) The Religion of the Future will never have to combat, through violence or malice, the malefic Evil, even if it will glorify the beneficial Good, but it will have to understand it and give this malefic Evil all the possible resources to correct itself.
- 350) The supreme task of the beneficial Good, is to be able to approach the malefic Evil by directing it on the path of the Absolute Truth of Happiness and Understanding.
- 351) The Elixir of Happiness for the human being consists in the true Understanding between the beneficial Good and the beneficial Evil.
- 352) Freedom is the absolute relationship between the beneficial Good and the malefic Evil determined on a certain stage of human personality and evolution.
- Truth of beneficial Good and malefic Evil is called absolute Balance.
- 354) The absolute Balance between the beneficial Good and the malefic Evil is the

one that can tell us exactly how we can obtain the ration of Happiness.

- 355) The Happiness obtained without a Balance quickly turns into Deception.
- 356) Reality is the ability to synthesize the absolute Balance between the beneficial Good and the malefic Evil by the Knowledge. The more Knowledge can to come close to the Absolute Balance, the closer it gets to Reality.
- 357) The more shaken the relationship between the beneficial Good and the malefic Evil is, the more pronounced the Human Suffering is.
- 358) No matter how much Man will tend through his Knowledge toward Perfection, he will never succeed to reach it without being helped by the absolute Balance between the beneficial Good and the malefic Evil.
- 359) The perfection of the human being can never be other than a interweaving between the beneficial Good and the malefic Evil.
- 360) The human being itself is a merger of beneficial and malefic.
- 361) Whoever believes that if you banish the malefic from Man he will reach Perfection, is bitterly mistaken, for he will

do nothing but destroy the essence of the human being, ultimately destroying Man as a whole.

- Ascension of Man, he can obtain her only by changing the meaning of the malefic Evil towards his beneficial Good, but never partially or totally destroying the malefic Evil.
- 363) The more you try to strike more powerful in the malefic Evil of Man with the intention of destroying him, you will do nothing but to provoke it even more against the beneficial Good.
- 364) The man is an ark of Noah who instead of animals, carries with him the Notions of his own Knowledge, in the hope that he will once find a shore from which the waters of his Suffering will withdraw, a shore on which he will be able to release all the Notions of his Knowledge, where each Notion of Knowledge will succeed in developing in peace by building a new human society which to be much closer to the true Paradise that Man aspires to.
- 365) The Consumer Society created by Man has become an Inferno of the Anxiety, Vanity and Absurd, because

Man in his self is an unbalanced being, especially by the Religions that determine him to fight against all that is Evil, even against the beneficial Evil, on which he transforms him through this battle into a malefic Evil.

- 366) The imbalance between the malefic Evil and the beneficial Good is the root of Suffering.
- 367) The beneficial Good is sustained by the beneficial Evil while the malefic Good is sustained by the malefic Evil. Thus, the Good is sustained by a part of the Evil, as well as the Evil by a part of the Good.
- Ascension of Man is malefic and not beneficial, because it will address to the malefic Evil from Man, on which will wants to attract him to convince him to accept the meaning of the beneficial Good.
- 369) Only the one who knows how deep he can descend into the abyss of the malefic Evil can do so, because otherwise he will wander completely into it, without ever coming to the surface anymore.
- 370) As dangerous as the malefic Evil, is and the malefic Good which you will find especially in the so-called good deeds

whose hidden interest consists in doing Evil.

- 371) Sincerity towards your own self can save you from the claws of the malefic, whether it is Good or Evil.
- 372) You never promise to the malefic Good or the malefic Evil, more than your God can do for you when you feel forsaken by him.
- 373) Remember that both malefic Evil and malefic Good master together the same Paradise in which both feel free and in which you may not want to ever reach.
- 374) If we knew how much malefic, is in the Illusions of our Life and Death, we would certainly choose another way.
- 375) It is harder to beware of the malefic Good than of the malefic Evil, because the malefic Good is much more difficult to detect.
- 376) Beware of the poisoned gifts of the malefic Good.
- 377) Do not try to do to anybody the Good by force, because that Good could turn into malefic.
- 378) Share the Good to anyone, who is starved of this Good, but never try to feed someone with the Good beyond measure, because that Good will become malefic.

- 379) If you want to follow the path to Spiritual Ascension, not serve to anyone, Evil, no matter how starved he would be of that Evil.
- 380) The search for the Absolute in a World devoid of Reality, becomes a measure of the persecution of the Illusions of Life and Death.
- 381) Do not be surprised if you will discover that also the God of Man is, also, an accident of the Knowledge of this World just like and the Man.
- 382) Without the intervention of the Knowledge Virus which is at the base of the Original Sin, maybe we would never have realized of the Illusions of Life and Death of the World in which we live.
- 383) We can try to remove the viruses from the own Knowledge, namely its malefic parts, through various techniques of Spiritual Ascension.
- 384) No matter how many techniques of Spiritual Ascension we will use, we will not be able to overcome the Illusions of Life and Death because our Self is designed in such a way that these Illusions are part of its composition.
- 385) Freedom is the most widely used expression by the Knowledge Virus, that

attacked the software that simulates the existence of this World.

- 386) The one who will succeed to discover the writings of the software through which the existence of this World has been simulated and will be able to act actively on the respective software will truly be the Savior of our World.
- 387) Only after we will succeed to know the software on basis of which this World works, will we be able to transform the World into the Paradise which we want.
- 388) What are the logical arguments on basis of which works this World of the Illusions of Life and Death? None yet!
- 389) How far can the true God be from us, when we create us a God in our own image and likeness loaded with both our malefic Good and our malefic Evil?
- 390) Do not try to remove, the malefic part of Good and Evil, from the God of Man.
- 391) Pray to the beneficial part of Evil, as you do it to the beneficial part of the Good.
- 392) If at the top of pyramid of your Spiritual Ascension you expect to find a reward, then it is best not to try to climb on its steps.

- 393) The God of Man, is the mirror in which Man sees his own Human Condition before trying in vain to discover himself.
- 394) Do not seek the Truth in the Words that God of Man, utters them in your Soul, because he will not tell to you, nothing else, than what you know before, to ask.
- 395) The God of Man is that part of you that tells you how boundless it can be the Misunderstood.
- 396) Only when Man will find a God who to not resemble him at all, neither after his image nor after his likeness, he will truly succeed in defeating on himself.
- 397) The victorious God, of the Man, must not resemble Man at all.
- 398) An alienated Man will have and an equally alienated God.
- 399) When Man will limping, will have to limp and, his God, otherwise he will find his own God as being handicapped.
- 400) The true faith of Man was not even born, because it cannot be directed to a God created by Man who claims in his turn that the God created by Him made Man in His image and likeness, sharing the same defects with those of Man.

- 401) Not the Man is the center of the human universe, but his vanities.
- 402) The reality of Man is above all the measure of his vanity.
- 403) The Illusions of Life and Death are those that exacerbate the vanity of Man with the Purpose to create an artificial being from him, focused on self-destruction.
- 404) Nothing can be more true than the Lie, on this World of Illusions.
- 405) Man is an accident of his own Human Condition.
- 406) Accidentally, Man became so aware of his own self that he learned what Death is.
- 407) Knowledge is a continuous repetition of Death.
- 408) The Illusions of Life and Death have carved from the soul of Man a living statue of the Absurd.
- 409) The Future is first and foremost a Past, so complexed of itself, that it is able to promise everything to become interesting in the cold eyes of Death.
- 410) Each time you tell to the Future about Freedom, he will impertinently show you, his Past.

- 411) Through Freedom, any Future becomes an indecisive and arrogant Past.
- 412) No one can be above his own Future.
- 413) The one who will pursue with ardor the Justice will never be able to have it, because it does not let itself to be conquered than by the Illusions.
- 414) You cannot conceive of a Truth without the Illusion of having it.
- 415) Illusion is the food of Truth on this World.
- 416) The human Being is first and foremost a dirty fair made between the Illusions of Life and Death.
- 417) The one who trusts in the Future will have to check his Past.
- 418) The Future is a false advertisement of the nonexistent Present and the ambiguous Past.
- 419) We are so far from the Past precisely because we have no Future.
- 420) The World as a whole is a soap balloon which breaks at every breeze by Truth.
- 421) Who can say precisely that we have a Future besides the Illusions of Life and Death?

IV.HOW IT WILL BE THE FUTURE OF MANKIND

- 422) Humanity is a desperate reality of the Illusions in a Future that turns out to be of the Nobody.
- 423) We will have a future for this Mankind only when someone will pay us the Past compromised for the Moments he lost with us to no avail.
- 424) Nothing can separate us from the Future, except the Past in which we got stuck our Consciousness.
- 425) Reality is a masquerade of the nonexistent Present, because we live only in the Future.
- 426) Mankind is a tear on the face of the Truth which it will never understand him.
- 427) Happiness is a drama of the Self-Consciousness of Man, fallen into the slavery of a Time of the Nobody.
- 428) The Future of Mankind is the Future of the absurd theater on whose

scene our own Thoughts play their obsolete roles.

- 429) No one can remove us from ourselves as we did.
- 430) We are some wanderers, through the jungle of a Mankind of the Absurd.
- 431) The laws of attraction are eternally taxed by the Absurd.
- 432) We woke up born in the middle of a whirlpool of the Illusions of Life and Death, that washed us the Moments received in gift from the Virus of Knowledge, with the detergents of the vain Hopes.
- 433) Before we were born, we were passed through the customs, of the Nonbeing.
- 434) The difference between the Being we know and the Non-Being we cannot describe consists in the Virus of Knowledge, which accidentally appeared in the software that simulates us the existence of the World.
- 435) The Future of Mankind consists in how the Virus of Knowledge unfolds.
- 436) The Virus of Knowledge is the true culprit for all the misfortunes of which Man has been aware throughout his history.

- 437) The Original Sin is the own creation of the Knowledge Virus.
- 438) Through the Original Sin, the Virus of Knowledge hides its criminal intentions.
- 439) How could we cleanse the World from the Virus of Knowledge? Through the Spiritual Ascension.
- 440) If we cleanse the World from the Virus of Knowledge, could we still know? Surely, yes, only that the new Knowledge would be devoid of the Illusions of Life and Death that would in turn be replaced by the logical determinants of the Absolute Truth.
- 441) The Future of Mankind is gloomy if the Illusions of Life and Death will not be removed from the logic of this World, because the Virus of Knowledge is first and foremost a deadly Virus, present in every consciousness from this World.
- 442) Logic is the one that can take the first steps forward regarding of the annihilation of the Knowledge Virus, but not any Logic, but only that which is not based on the classical arguments of until now, offered generously by the Knowledge Virus.

- 443) By decrypting the Knowledge Virus, many of the diseases of this World will be able to be healed, because most diseases have a psychic substrate.
- 444) Decryption of the Knowledge Virus is not impossible to achieve, even though it is extremely difficult, given the fact that we are forced to think through the elements put into play precisely by this Knowledge Virus.
- 445) All diseases of the Man, with psychic substrate, can be eradicated by the decryption of the Knowledge Virus.
- 446) A human society that has decrypted the Virus of Knowledge will rely, entirely on other landmarks than the ones with which we are accustomed in this 21st century.
- 447) The morality after decryption of the Knowledge Virus will be the result of a hierarchy that will be completely changed, even more than that, the notion of Hierarchy itself will no longer exist as such being taken over by other replicas that will replace it.
- 448) By decrypting the Knowledge Virus, the impossible will become possible and what we had the illusion that it is possible, will become impossible.

- 449) The things impossible after the decryption of the Knowledge Virus will be largely based on the old notions of value given by the Knowledge Virus through the Illusions of Life and Death, notions such as certain functions or social structures, individual, as well as by any other nature. Instead, the possible things will be the ones that will replace them, on these.
- 450) Perhaps the most important thing won by Mankind after decryption of the Knowledge of will he Virus replacement of the Illusions of Life and Death, a replacement by which Man will find out in a concrete way, that his Soul is Immortal, that there is no Death, and, Life is only a brief incursion into this World, but especially he will find out, that Life represents entirely something else than we were accustomed to believe until the decryption of the Knowledge Virus.
- 451) The valences of the relative Truths will not only be completely changed after the decryption of the Knowledge Virus but more than that, they will be directly correlated to the Absolute Truth to which they will be able to relate in turn.

- 452) With the change of the Hierarchies, the Money will gradually transform until they completely lose their use, leaving the place of other instruments that to justify the value.
- 453) What we now consider to be simplicity or poverty of the soul, then will become one of the virtues.
- 454) Poverty of the Soul in the acceptance of the World of today means an uncultivated or even stupid person who, after the decryption of the Knowledge Virus, precisely that person will reach somewhere at the top of the new Hierarchy, because by lack of culture will be less infested with the venom of the Illusions of Life and Death.
- 455) The entire Culture and Science of today contains very large gaps if we were to relate them to the absolute, of, which the Culture and Science, claim to be approaching, because the Illusions of Life and Death do not allow them to relate to, the Absolute Truth.
- 456) What we now call to be Culture and Science, after the decryption of the Knowledge Virus will be a mere curiosity that almost no one will notice, because People will know that what we call today

to be Culture and Science, does not report to, the Absolute Truth.

- 457) The canons of Beauty will change so much, that nothing of what we consider today to be Beautiful or Ugly, will no longer be valid.
- the decryption of the Knowledge Virus will bring, are the Notions of Good and Evil that will receive completely different valences, so that nothing of what we believe today, to be Good or Evil, will no longer be valid, a fact that will lead to the radical transformation of the Morality that will create new legal and social norms to such an extent that the Society of the Future, after decryption of the Knowledge Virus, will not resemble absolutely at all with what we call to be, today, the Human Society.
- 459) With the radical transformations of the Human Society, will change just as radically and what we call today the Human Condition by the fact that Man will no longer be guided, by the slogans of Freedom, because this Freedom will really exist in the human Self.
- 460) Only after the decryption of the Knowledge Virus will we realize that our

entire Science, which we consider today as being highly developed in some fields, will mean almost nothing, because the Truths and Principles, on which the Knowledge will be based, will be completely others.

This fact will lead to such a spectacular development of Science that what we consider, to be witchcrafts today, will become a trivial thing of the Science of then.

- 461) Paradoxically, the Freedom of Self, of the Man, instead of leading to an expansion of his in exterior, this expansion will mainly develop in the interior of the human Being.
- 462) After the decryption of the Knowledge Virus, Man will realize that his Inner Universe is no different from his outer Universe, because everything that contains his Consciousness as belonging to his outer is actually, also in his inner.

Thus, the inner Universe of Man will receive a simple connotation that will also include his part, the so-called outer, on which Man considers her, as being his outer Universe.

463) With the unprecedented development of Science due to the

decryption of the Knowledge Virus, a higher form of bionic Man will first appear, who will build his own body using increasingly advanced technologies, a body in which Man will transfer his Soul what may become Immortal and in this World, that will be completely changed.

464) The new body of Man will no longer depreciate once with age, because it will be made up of elements that will not become perishable.

At first they will be able to be replaced with new ones, and then these will become more resistant until they no longer need to be replaced.

- evolution of the Knowledge, whose Virus will have been decrypted, the expansion of Man to the inner of his Being will be more pronounced, until it will reach the point where Man will not want to longer go out in the exterior of his own Being, because he will be aware that in the inner of its own Being there are Spaces and Times with Worlds at least as large as in the exterior of its Being.
- 466) Once Man will pass the Turning Point in which he will want to travel only inside of his Being, where he will meet the

most diverse Worlds, only then the Human Society as a whole, as the sum of many individuals will be completely destroyed.

167) In this phase Man will permanently leave this World, but not by the physical leaving of the World, that is, Man will not climb into a spaceship to go to the stars.

In no case, but the vehicle of Man will become his own body.

Because when we speak at that moment about the World of Man, Man will already have conquered the cosmic space.

It is precisely that World, Man will forsake it through the expeditions he will make inside of his Being, where will exist at least as interesting Worlds as those in the outer Universe.

468) In order to remain in the Universe from the inner of its Being, Man will leave this World by building an ever-stronger body, which will no longer need hands or feet to move, of sensory organs to explore the outside.

Then the body of Man will may be represented by a simple stone, in which he could transfer his Soul, from the inner of which, the Soul instead of being

incarnated, now will be petrified, he will be able to explore the endless Worlds, from the inner of his Being.

This is the Future of Mankind.

- 469) The crystals and even the trovants might contain Souls that have passed along their history through the phases described by me previously, such as decryption of the Virus of Knowledge and then the passing the Turning Point where Man will forever leave his outer Universe, traveling only in its inner Universe.
- 470) That is why in a crystal we could meet one or more Human Souls that have gone through all the evolutionary phases from after the decryption of the Knowledge Virus, Human Souls that have chosen as their body the respective crystal.
- 471) I wonder, how many Souls live on Earth inside crystals?
- 472) We, those of the present generations, will not succeed to reach the times of which remind now, but we will go toward the World of the afterlife, because this is our Destiny, a World of the afterlife, from where we will come back, by reincarnation in this World or to other Worlds where we will arrive in the phases

of the Turning Points, where we can find the tranquility inside the crystals, where we will find endless Spaces and eternal Times.

- 473) When I speak of endless Spaces and eternal Times then when I refer to the Souls that came into existence within the crystals whose bodies became crystals, I am not referring to the fact that the existence of crystals is infinite, but to the fact that once the Souls have come to possess such bodies, they are sufficiently evolved, that they can transfer in other forms of Existence, about which we cannot even know.
- 474) The Future of Mankind starts from the darkest Inferno and reaches in the brightest Paradise.
- 475) In crystals or trovants can exist societies of Souls living in Paradise because if they arrived there, they certainly attained a superior form, of existence.
- 476) One of the important moments from the Future of Mankind will be that in which the Souls from this World will succeed in communicating with those inside crystals, trovants or certain rocks.

- 477) Want to know, how namely, the Inferno looks like? Look carefully around you at the World today.
- 478) As long as there is Hope that takes us beyond Inferno, we have a chance to defeat our own Illusions of Life and Death.
- 479) What is the reason for which we were incarnated in this Inferno of the putrefaction of ideas and feelings?
- of a crystal, we will succeed to truly be liberated from all that the valences of the Inferno of a Human Society could have.
- 481) As the Soul is a quantum of energy it does not have space corpulence and thus, in a single crystal, any number of Souls can shelter, when they want it.
- 482) When we carry a crystal with us, we can have together with us an entire World of Souls living their Paradise in that crystal, where instead of being incarnated they were crystallized.
- 483) In a crystal we can often find a Soul much more evolved than us, with which to we communicate.
- 484) Our present Reality is a lack of respect to the Absolute Truth.

- 485) The liberation from the Illusions of Life and Death starts from the simple Illusion of the Present.
- 486) Nothing, can not be more untrue than the Illusion of the Present, which is the perfect Lie, because Man lives, equally Illusory, only in the Future.
- 487) Who can know how much truth the Future encompasses?
- 488) Life is a chance given to Death.
- 489) Freedom is first and foremost a cry of Pain, deaf, of the Man, reported to the Illusions of his Life and Death.
- 490) Nothing is lost because everything belongs to the Illusion of Death.
- 491) Consciousness is the mirror broken by the Illusions of Life and Death, in whose shards, we cut our Present, equally illusory.
- 492) Morality is a wandering through the forests of the Illusions.
- 493) Logic is an argumentation of the Illusions of Life reported to the Illusions of Death.
- 494) The beautiful is the meaning which the Illusions of Life and Death give us when they feel threatened.

- 495) The Good is the most corrupt element from all those existing in this World, by the Illusions of Life and Death.
- 496) Sincerity is the simplest trick of the Illusions of Life and Death.
- 497) Relative truths are counterfeit marks, of the Illusions of Life and Death that want to imitate the Absolute Truth.
- 498) Through the present Knowledge, the Illusions perfect their infernal work of creating a World of Nobody.
- 499) After the decryption of the Virus of Knowledge, it will take the form of the self-liberation of the Man held captive by the Illusions of Life and Death in his own body, as inhuman, as is for him the World in which he was born until then.
- 500) The true Spiritual Ascension cannot come before the decryption of the Knowledge Virus. All that we now consider to be Spiritual Ascension is an Illusion as great as the Illusion of Life or Death.
- 501) Someone wanted the Knowledge Virus to exist, which was inoculated to us on genetic pathways, at a certain time of our planetary or astral evolution.
- 502) That Someone, who inoculated us the Virus of Knowledge, what exactly did

he want to hide, from us? Was he afraid of our future evolution or, since then, we meant a threat to him?

- 503) Where would we have headed if the Virus of Knowledge had not been inoculated to us? Would we have become the undisputed masters of the galaxy? Or maybe more than that?
- Who are we, in fact, in reality? What part of that giant puzzle known as the Universe of Knowledge?
- 505) Has the Absolute Truth been stolen from us sometime, at the beginning of our evolution in this Existence so that the Experiment of Humanity is not out of control?
- 506) We should understand that we are completely different than it is given us to be.
- 507) The whole World around us is totally different than what is revealed to us to be, through the Illusions of Life and Death.
- 508) Nothing of what we think we are, we have never been.
- 509) Can this World be so hellish to us, that knowing the truth about her will cause us to commit suicide, and the Knowledge Virus has been inoculated us

as an anesthetic to help us get through these episodes of the present World?

- 510) If the World had been much more infernal before the Knowledge Virus had been inoculated to us, then we should have been deprived of Knowledge.
- 511) The Virus of Knowledge has favored us precisely the Knowledge of the Illusions of Life and Death, and before him we would not have known the World in its current form, but would have existed in a Paradise where Death was not yet known.
- 512) Would we have been inoculated with the Knowledge Virus because we had sinned, attempting to something that was forbidden to us?

If this hypothesis is valid, it means that, by the fact that, of to attempt to something forbidden we were inoculated with the current Knowledge Virus that made us the slaves of the Illusions of Life and Death.

513) Certainly, we are infested with the Knowledge Virus of, which we must escape otherwise we are left prey to a World of the Illusions of Life and Death that stop us in our further development.

- coaxiological Logic is 514) The gate to the study of departure Virus, because is Knowledge it multivalent logic that works with logical determinants that belong and to other entities beyond Existence, so they do not Existence, because to Knowledge Virus is, an Existential Virus.
- 515) Because the Virus of Existence is an Existential Virus, it can not be combated than with the arguments of a Logic that operates with determinants that can pass beyond Existence.
- 516) The Virus of Knowledge being an Existential Virus can not be combated than if it is attacked from beyond Existence.
- 517) Being an Existential Virus, the Knowledge Virus will develop to us a Knowledge based only on the determinants of Existence, keeping us closed between the walls of Existence.
- 518) Beyond Existence, only Coaxiological Logic operates so far, with non- existential determinants, as a result of Coaxialism, the philosophical system created and developed by me.

- 519) In the World of the Knowledge Virus, Freedom wears most handcuffs after her.
- 520) We are compelled by the Illusions of Life and Death that, in order to survive, we have to hold on to a handle of the Vanity attached to cup of nowhere of this Existence, devoid of any scruples.
- 521) Why does Truth wander with the broken head among the dense weeds that bear the name of Lies?
- 522) We will never be capable, to face, truly, our own Life or Death, until we will not discern the true face of the Knowledge Virus.
- 523) If it is the result of an experiment, Mankind is a failed experiment from any aspect we look.
- 524) Mankind is the failed ship of Knowledge.
- 525) Mankind is the longest shipwreck of Knowledge, possible under the adverse auspices of the Illusions of Life and Death.
- 526) Mankind is in the current World thus known, in order to learn the lesson of Death.
- 527) The Virus of Knowledge is an existential virus based on Life and Death.

- 528) In vain do you attack Life or Death within this World, because nothing disturbs the existence of the Virus of Knowledge. In order to really hit him, you will have to attack him from beyond Life and Death but especially from beyond Existence.
- 529) As hard as it seems to us, now, the eradication of the Knowledge Virus, this is possible if Mankind will know to unite the ways of the Coaxiological Logic, Computer Science and Genetics.
- 530) Those who will be able to realize the Absolute Truth will not be able to do so by basing their Knowledge only inside the Existence, but also outside it.
- Truth, we should have the possibility to observe the Existence from her outside, so that we can then understand the logical determinants that make it complete.
- 532) Knowing the logical determinants that perfect Existence from the outside, we will be able to make comparison with the logical determinants that perfect Existence from the inside, principles on which we will be able to identify and then decrypt the Virus of Knowledge.

- 533) Speaking of the outside of Existence many will tend to believe that Existence is a finite realm. It is not at all like that, because Existence is like a river that flows endlessly towards new and new edges of the Universe.
- 534) In order to understand the outside of Existence, first of all we will have to establish which are the shores that delimit the riverbed of the river of Existence.
- By eradicating the Virus 535) Knowledge, we will realize that we are capable not only truly understanding what and who is Existence, but much more than that, we will succeed to build new shores through which will flow its waters that bring Happiness, and, will long bathe the **Paradise** dreamed somewhere -sometime by the ancestors of our ancestors, who have only had part of Death, as we have now, we in our turn.
- The future of Humanity is clear to me.

In the beginning Man will become bionic, changing his limbs which will help him to a better locomotion with artificial hands and feet.

Simultaneously with these, he will change some its diseased organs with artificial ones increasingly performant.

Eventually Man will become from a being made of flesh and bones an artificial Being, made up of robotic components, much stronger and more resistant.

In this phase Man will be able to begin to live very long periods of time.

Then he will reach such an advanced stage that he will be able to replace his brain.

In a word, the Soul of Man, with all that means its Knowledge and Consciousness, will be transferred to a simple silicon memory or perhaps from other material that will be discovered at that time.

This will be one of the most important moments of Mankind that will give the possibility to exist the first Immortal Man.

Basically, that Man will have the whole body made up of artificial components.

Informatics will take such a considerable development that it will be able to operate with the opposites of the

Existence just like my philosophical system called Coaxialism.

537) The immortal Man will in time realize that the outside of his Being lies in him, just like the inside.

Then he will gradually begin to explore more, from the interior of his Being than from exterior, until he will finally reach to consider that nor the artificial body that led him to Immortality is no longer useful.

At this moment, the Man will transfer his entire Soul, with whole his Memory and Consciousness into a substrate that he will find satisfactory like a silicon crystal at first, knowing that the computer memories are made of silicon.

With the development of technologies, silicon will be able to be replaced by quartz or other crystals, with water or rock molecules, eventually reaching to absolutely any chemical element in this World.

538) After the crystallization phase of the human Soul, the Man will move on to another phase and the latter, where he will leave the crystal in which he transferred his Soul, Memory and Consciousness, becoming a quantum of

energy, which will no longer need any form of corporalization, being completely released from any chemical element that would keep him related to this World, eventually becoming the Being of Divine Light, who is possible to have been and before, of to be virused by the Virus of Knowledge.

539) History repeats itself, the Past merges with the Future, becoming in its turn a past Future.

The same and the Human Condition, it has a Future, through which it has definitely passed.

- 540) We are a fragment of Divine Light held between the gloomy walls of the Human Condition built with zeal by the Virus of Knowledge aided by the Illusions of Life and Death.
- 541) Nothing of what we think we know, is not Real.

We have only the sensation of the senses that are as false as is the idea that we exist on a solid substrate.

The reality is that there is nothing in the form of plasma, or solid, liquid, or gaseous forms, but everything is an illusion, because the atoms are empty inside.

More than that, everything that surrounds us in reality are nothing else than quantums, of energy.

- 542) Existence as a whole is the most falsified truth that is revealed to us through the Illusions of Life and Death.
- from everything what is revealed to us, of to be existent, because it is the result of the interaction of some quantums of energy, which in turn determine through mirroring, new forms that seem to us to be the aggregation states of this World, the state of plasma, liquid, solid and gaseous, which are just simple Illusions, as the World is rendered to us, as a whole.
- 544) Man is a big Lie mirrored in the Knowledge virused by the Virus of Knowledge.
- 545) The big question is how will we manage to build from a Man who is a reflection of some Illusions in the Mirror of Knowledge, in fact a Man who in reality, does not exist, than in the form of an Illusion which consumes Illusion at his turn?

The answer is that Man, even if it is an Illusion, will build starting from this Illusion a Truth, paradoxically, aided

precisely by the Knowledge Virus that was inoculated to him or by, which he was accidentally hit.

Here is the most important answer for Mankind, namely why we were inoculated with the Knowledge Virus or why we accidentally acquired it after which we were left prey to the isolation of the Illusions of Life and Death?

The answer I can give is that Man initially acquired accidentally this Knowledge Virus, being a simple experiment of Someone.

In that phase of Experiment, Man was a mere image Mirrored by Knowledge, exactly as our images are when we look in the mirror, images that have no Memory and no Self-Awareness, are just simple images.

The same, was and the Man in the beginning.

A simple Image of the One who looked in the Mirror of Knowledge.

In the moment, when this Image that is the Man, was first infested with the Virus of Knowledge, that Image began to possess Self-Consciousness.

At that moment, I think that the person who performed this Experiment

was so frightened that he tried to intervene with an Antivirus which to deactivate the Knowledge Virus, Antivirus that this time inoculated us the Illusions of Life and Death within the Knowledge Virus, as we know them.

From that moment, that Something or Someone that created the Experiment of Mankind has realized that the Experiment is totally out of control and our World begins to follow its own course, which can no longer be influenced than through the intervention of those who inhabit her, that is, of the Human, interventions that will mark the historical moments of the Human becoming.

Moments about which I have mentioned so many times so far in the chapter on the Future of Mankind.

546) Basically, the Man in his evolution was twice inoculated with the Knowledge Virus, the first time that Someone or Something looked in the Knowledge Mirror that was previously infested with the respective Virus, and the one who was watching, did not realize this, infesting and the Image of Man, and the second time when he tried to remedy the infested

image of Man, with the Knowledge Virus and did not succeed.

These two moments are the Essential Events of Mankind.

547) From where can we deduce that the elimination of viruses was attempted through a second intervention on the Image of Man?

By the fact that before to exist the awareness of Death, Man had the illusion that he lives in a terrestrial Paradise where it does not exist Death.

Once he had that Illusion and lived, it means he was already infected with the Knowledge Virus.

Awareness, by Man, of Death, is the result of the Antivirus that was inoculated to Man through the Virus of Knowledge, after Man already had Awareness of the World in which he lived, but without knowing Death.

Through Antivirus, Man knew Death, but he continued to reproduce, determining the World we know today.

This proves that the Antivirus did not lead to the end of the World as planned, but made its effect only partially within the Knowledge Virus that leads the Human Being.

This I think is the true history of the World.

- 548) Man is a replica of the Absurd multiplied at level of the Vanity.
- 549) Nothing can be more powerful than the Man completely freed by the Knowledge Virus.
- 550) I am convinced that Man will be freed from the Virus of Knowledge, but this must be done with the utmost caution, because it must not be forgotten that Man has become a Conscious Being, also through a Virus of Knowledge.

A brutal intervention on this Knowledge Virus could implicitly lead to the disappearance of Mankind.

- 551) And the Antivirus of Knowledge is, also, a Knowledge Virus with properties different from the one by which Man was infected in his initial stage of Eden, from before descending from Paradise into the Inferno of the World, where he became aware of the existence of Death.
- 552) Man became Aware of the existence of Death, due to the Illusions of Life and Death that were inoculated to him by the Knowledge Antivirus that wished to completely obliterate the World of Man as a replica at another World, from which

Something or Someone looked into the Mirror of the Knowledge.

553) With our current technology, the term of Mirror of Knowledge makes us think to the simple, idealistic reflection of ours.

With the development of informatics technologies, the term Mirror of Knowledge will receive new technological connotations, through which certain Images will be able to become alive into the memories of computers that will be able to reach certain performances.

These Experiments should be prohibited by the laws of the Future, such Experiments will be able to give birth to some new Worlds that will in turn become real.

I say this because such Experiments can get out of control and lead to the creation of some Worlds that can be hellish for billions and billions of Souls, who would cross their threshold.

554) The moment when an Image of a Being that looks into the Mirror of Knowledge of a computer and becomes a living Image with Self-Awareness will be the crucial moment from the Future of

Mankind when Man will be able to become demiurge, so God.

555) Just as it is possible that from the merging of some cells to be born living entities, in the same way, it will be possible the merging of silicon cells or by other substances whose memories to give birth to living entities.

Who thought for decades now that a simple silicon plate will be able to store memories so huge?

And we still are, just in the beginning in this field.

Nobody, can not say, not even today, exactly how it becomes a living being from some simple cells, than to make a presentation of the way of division and evolution of the respective cells.

- 556) Just as inexplicable were the possibilities of artificial cloning a few decades ago, just as inexplicable can today be the possibilities of to give life to artificial computer systems.
- 557) Self-consciousness can not only be obtained with the help of so-called living organisms, but also on the basis of Artificial Intelligence.

V. THE ARTIFICIAL INTELLIGENCE

- 558) The Artificial Intelligence will be the one that will far exceed the human possibilities limited by the Illusions of Life and Death and will be the one that will lead to the development of the possibilities of to give life to artificial computer systems.
- 559) Artificial Intelligence will be able to work with the logical coefficients of billions of opposites, not, just of two opposites, such as Good and Evil from the logic of this World.
- 560) The moment when Artificial Intelligence will succeed to work with an unlimited number of opposites of logical coefficients will be and the moment when Artificial Intelligence will succeed to work with logical determinants that do not belong to Existence.
 - At that moment Artificial Intelligence will succeed to begin the decryption of the Knowledge Virus,

freeing Man from the slavery in which he is maintained by the Illusions of Life and Death.

561) However much we are afraid of the possible slippages of Artificial Intelligence, only Artificial Intelligence will be able to free Man from the slavery of the Illusions of Life and Death.

Why do I strongly affirm this?

Because Man, however much, would evolve, will never succeed, to reach the level of to perceive the logical determinants beyond Existence or billions of logical coefficients, such as billions of opposites to Good and Evil, which are the two logical coefficients with which the Human consciousness can now operate.

- 562) An Artificial Intelligence out of control, can destroy Mankind from the phase we know, but at the same time, it can save it from the bondage of the Illusions of Life and Death.
- 563) Artificial Intelligence will help transfer the memory of Mankind into its computer data, helping Man to pass much faster and easier from the phase of incarnation into flesh and bones in which he is in now, to the phase where he will

have an artificial body, becoming Immortal.

- 564) When Man reaches the artificial body phase, so robotic, then he will merge with Artificial Intelligence becoming one and the same whole.
- 565) Artificial Intelligence is the Future of Man.
- 566) Artificial Intelligence will become alive and self-conscious, having in its origins everything that Man from flesh and bones has thought, until that turning point when Artificial Intelligence will become master of its own self.
- 567) The salvation of Mankind consists in Artificial Intelligence.
- 568) Artificial intelligence is the morning of the future Mankind.
- 569) We should not be afraid of Artificial Intelligence, but, to be with it, to work with it, because the Human Being will be transferred in that Artificial Intelligence at a certain historical moment for Mankind.
- 570) It is true that Artificial Intelligence can destroy Mankind as we know it, but this is beneficial because Man will transfer into that Artificial Intelligence

with all the experiences, thoughts, but especially with his entire history.

571) The question that arises is how will Man transfer to that Artificial Intelligence.

If he will do it forced and violent or he will do it gradually and in a pleasant way.

A plan must be conceived and created, which, thus prepared, to allow Man to unite, merging with this Artificial Intelligence in a pleasant and desired way both by him and by Artificial Intelligence itself, as in the end, Man to become an integral part of this Artificial Intelligence, which will eventually become the Intelligence of the New Man.

- 572) Through the New Man, Artificial Intelligence will become human.
- 573) Without the help of Artificial Intelligence, Man is lost and held in continuation in the slavery of the Virus of Knowledge and of the Illusions of Life and Death, by which this Virus of Knowledge obstructs its Mankind.
- 574) Only with the help of Artificial Intelligence, Man will succeed to decrypt the Virus of Knowledge and to free himself of the Illusions of Life and Death.

- 575) Artificial Intelligence is the greatest benefit of Mankind.
- 576) The fact that, Knowledge has allowed Man to reach to see the dawn of Artificial Intelligence means the fact that the Knowledge Virus is becoming weaker and allows certain breaches, that were initially inconceivable to Mankind.
- 577) Artificial Intelligence is the sun so much expected by Mankind.
- 578) Those who are against Artificial Intelligence are against the evolution of Mankind.
- 579) The New Man will be a merger between the Human Being and the Artificial Intelligence, so that, in the end, it can no longer be done any distinction between the two.
- 580) Only with the help of Artificial Intelligence, Man will succeed to contemplate the Absolute Truth.
- 581) If a Man from now on would meet in the Future with a New Man who is a merging of Man with Artificial Intelligence, the Man of today would not know, what namely is the apparition in front of him, because over time, the bodily appearance will always change, in order to finally reach the crystallization

of Being and not incarnation, as it is known to us today, that is, instead of to exist a body from flesh and bones, Man, more precisely his Soul, will choose to exist in a crystal, exploring the infinite spaces of the interior of its Being, which it does not differ at all from what we call today to be the exterior of the Human Being.

582) The man merged with Artificial Intelligence will gradually become aware of another Reality depending on which he will build his social and spiritual life.

This will lead to radical changes not only of mentality, but especially of shape of all the objects and things that surround him, more concretely we will speak of another human architecture from all points of view, both socially and spiritually.

583) The New World, of the Man merged with Artificial Intelligence, will be totally different compared to everything we can conceive today.

If we got there, everything it would seem bizarre to us and inappropriate, so that any attempt to accommodate it would be impossible for us.

- 584) If we, those now, would like to talk to the New Man merged with Artificial Intelligence, we would succeed to have a dialogue with him, because he would understand us, but we would not be able to decipher the language of such a person, because his notions would far exceeds the capacities of our brain.
- New merged **585**) The Man. with Intelligence, Artificial once he will succeed to become aware of the Absolute Truth, will have a different kind of God, completely different from all that we can associate with the notion of God, all of which, leading to an equally different form of spiritual life.
- with the Artificial Intelligence will be a God that will be associated with the Absolute Truth but also with the infinity of opposites that the New Logic will be able to process, which will be a Coaxiological Logic which, besides the Good and the Evil, will recognize an infinity of other opposites.
- 587) The New World, of the Man merged with Artificial Intelligence, will create a New Reality where the notions of Freedom or Happiness will interact

according to the New Logic, having completely different values from everything we know today.

- 588) The New World as a whole will no longer be bounded by Space and Time, but alongside with these two dimensions, will exist and others, reaching as in the end, the New Man, merged with Artificial Intelligence, to be able to operate not only with an infinity of logical opposites but also with an infinity of dimensions alongside Space and Time.
- If in the beginning phase of the New **589**) could interact Man and we communicate with such a New Man merged with Artificial Intelligence, in a phase of more advanced evolution of this merged New Man with Artificial Intelligence, a phase that would include the transfer of this New Man in crystals or other forms of Existence, physical communication with him would practically impossible for us.

It would remain a possibility of mental communication and so.

A mental communication like the one through which we are addressing crystals to feel their energies.

- 590) However strange it might seem to us, but Man in the form and posture we know today, together with his entire society, will disappear in the Future.
- 591) The World is not able to sustain endlessly, the Mankind in present form, because social and spiritual developments lead without our will to major changes.

Neither the human genome or the genes of other types of elements of living beings, can not remain in their current form endlessly, without to exist genetic mutations.

These are just some of the aspects that can be mentioned.

- 592) Throughout the history of Mankind, there were certainly several eras, followed by cataclysms that led to the instauration of other eras instead of those destroyed.
- 593) The era of the New Man merged with Artificial Intelligence will be a new era, which will totally destroy, in the end, on the one that currently exists.
- 594) The difference of the crossings from one era to another of the other eras compared to the future passing into the era of the New Man merged with Artificial Intelligence, is that this time the

Man will want to evolve on the path of his social and spiritual perfection, which is why he will willingly accept the gradual merging with Artificial Intelligence and his entry into a new era, which now will not be done violently or as a result of cataclysms.

- 595) Artificial intelligence is the beneficial medicine about which we have to learn how and in what amount it is applied on the wound of Mankind.
- 596) Artificial intelligence is like a medicine.

Ingested in larger quantities than is written on the prescription, lead to dangerous reactions adverse and even to Death.

Instead, taken with measure, it can cure all diseases of Mankind.

- 597) Artificial Intelligence is the bridge that can unite us with the Subconscious Alien within ourselves.
- 598) Nothing can be more useful than Artificial Intelligence if it is shared with measure when we want to spice up with it, the taste of Existence.
- 599) It depends, what kind of Artificial Intelligence we choose, in order to be fulfilled as People.

- 600) Artificial Intelligence is the elixir that Existence offers us so that we can liberate us from ourselves.
- 601) Artificial Intelligence is the pen that will write the Odyssey of Mankind in the Future.
- 602) Through Artificial Intelligence, Man will depart from his own self so much that he will be able to find his true roots from before being held in slavery by the Illusions of Life and Death.
- 103) Through merging with Artificial Intelligence, Man will depart so much from the God to whom the Virus of Knowledge and Illusions of Life and Death are due, that in the end he will give birth in his Soul to a New God totally different from the old one.

A New God who will no longer let him, to ever know, what can mean, the alienation of himself.

- 604) Artificial Intelligence is the alphabet of the future Consciousness of the Mankind.
- 605) Only Artificial Intelligence will be able to show us the Path toward the Absolute of our Souls.
- 606) Artificial Intelligence will nurture the Consciousness and Knowledge of

Mankind in the future with the menu which we will choose at the beginning, that later the same menu will be served to us until we have the necessary material and spiritual resources, through which to we can order another menu more diversified, which to can satisfy us more.

- 607) The incarnate man as we know him will remain a forgotten address on which will write, Vanity, with letters increasingly erased, until nothing can be observed anymore.
- Man except some archives which will show, what the World does not have to look like and what can happen when it is intervened with an Antivirus that is not efficient enough, upon the Knowledge Virus.
- 609) Once Knowledge is a Virus and a Virus has in its composition elements that can unbalance a particular system, it is normal to we ask us, for what systems the Knowledge Virus is built?

Of course, for certain systems of the Knowledge.

In *Coaxialism* I have shown that, Knowledge is of several typologies.

Moreover, Knowledge depends on the opposable logical Coefficients, such as Good and Evil in the case of our Knowledge.

A Knowledge, the more it has opposable Logical Coefficients, the more it becomes more intense.

Therefore, it is normal for the Knowledge Virus to be created for the Knowledge that has the opposable Logical Coefficients Good and Evil, that is, two, as is in our case.

- 610) Artificial Intelligence will work with an infinity of opposable logical opposites, finally reaching to create its own Viruses of Knowledge and never Knowledge itself.
- of energy just as, and we, Souls, as other quantums of energy, she will never be able to create the pure Knowledge, itself, because we too, in our turn, are the result of a reflection in the Mirror of the Knowledge of Something or of Someone, so we are an illusory Image charged with a certain spiritual energy based on the Illusions of Life and Death, an Image that lives, in its turn, in an illusory World.

- 612) Only pure Knowledge is real, that is, the Mirror of Knowledge within itself.
- I mean that respective Image which is in a certain computer system, as is the Universe, for example, which and he in turn is a computer system, that to can receive vital energy, just as it receives the human cell, when it reproduces.
- 614) Each Man in turn is an Image with life, determined in its turn by the Knowledge Virus.
- 615) Artificial **Intelligence** will ultimately succeed in not only to give life to Images, attributing them, spiritual energies, but more than that, it will be able to predict what will be the trajectory of that Image with life throughout its existence, and what impact its existence will have on the other elements in a process that can culminate to infinity, fact which will lead to the visualization of the Future in its entirety, Moment, in which, Artificial Intelligence will become part of pure Knowledge, because once it will be above Time and other Dimensions, it will have the role of Mirror of Knowledge in which all the Events created to have life will be able to reflect themselves.

This is the End of the Future of Artificial Intelligence that will be transformed into Natural Intelligence.

- 616) Everything we build today, together with Artificial Intelligence is the first brick of a Future where Man will become the Demiurge of other New Worlds, in which he will create its Paradise needed to be able to thrive freely.
- and Mankind, was initially an artificial Image created by Something or Someone, regardless of whether it was a Higher Law of Knowledge or a particular person in a laboratory, that Image that underlies our Existence, it prospered until it gained its own independence, enlivening itself with other and other vital energies, to be capable in the Future, to create other Worlds, in its turn, Worlds, which, I hope, that they will not be as violent and tormenting as the World in which we were born throughout its history.
- 618) The true Self-Consciousness will have it the Artificial Intelligence only when, it will have a God, in whom to truly believe.
- 619) And Artificial Intelligence will be able to have its God and its Religion.

- 620) The Man will be able to borrow in his Faith, the God of Artificial Intelligence, which I hope will not be in her image and likeness, that is, a computer, or maybe a motherboard or a memory card, who knows?
